AI Ethics & Responsible Usage Declaration

I hereby declare that:

- The dataset used in this assignment is properly cited and ethically sourced.
- I have analyzed potential biases present in the dataset and model.
- I have considered privacy implications related to the data used.
- I understand the responsible and ethical usage of the developed system/model.
- This work adheres to institutional guidelines on ethical AI practices.

Dataset Details:

Source: Yahoo Finance / NSE Historical Data (BAJAJHFL.NS)

Type of Data: Stock market time series data (Daily closing pric

Contains Personal/Sensitive Data? (Yes/No): No

If Yes, describe anonymization steps: Not applicable because the dataset contains only public stock price data.

Identified Bias (if any):

The dataset contains only historical stock prices of one company.

It may not represent the entire stock market.

Market fluctuations, economic events, and external factors may affect the data.

No personal or demographic bias is present.

Responsible Usage Statement:

This model is developed only for educational purposes.

The forecasted results should not be used for real financial investment decisions.

The data used is publicly available and does not violate privacy.

The model is used responsibly following ethical AI guidelines. **Student Details:**

Student Name: Khan alfia shamsul
UIN: 231A026

Course: BE Artificial intelligence & Data Science

Date: 17/03/2026
